1. INSTRUCTIONS TO PROPOSERS

1.1 Introduction

This Request for Proposal (RFP) has been prepared by the European Centre for Medium-Range Weather Forecasts, (governed by its Convention and associated Protocol on Privileges and Immunities which came into force on 1 November 1975, and was amended on 6 June 2010) ("ECMWF") for the purposes of obtaining proposals from suppliers for the provision of consultancy services to first assess the current state of ECMWF's Contract Lifecycle Management (CLM) tool, developed on the Agiloft platform, and to propose a roadmap for its completion, including estimated costs, then implement its agreed roadmap.

The submission of a response to this RFP shall constitute an offer that may be accepted by ECMWF so as to become a binding contract. However, ECMWF is not bound to accept any quotes. If ECMWF elects to accept a quote, subject to contract, the parties shall execute a formal contract incorporating the terms and conditions contained in the RFP and any other agreed terms.

Introduction to ECMWF

ECMWF is an independent intergovernmental organisation supported by 35 States. Information on ECMWF's activities can be found at <https://www.ecmwf.int/en/about>

ECMWF has currently three sites: its Headquarters at Shinfield Park, Reading, UK, a data centre in Bologna, Italy, and an interim site in Bonn, Germany, hosting all of ECMWF's EU-funded activities.

1.2 Background to the project

The background to this RFP is described in Annex 1.

1.3 Confidentiality

The contents of this RFP together with all other information, materials, specifications or other documents provided by ECMWF, or prepared by respondents specifically for ECMWF, shall be treated at all times as confidential by the respondents unless it is already in the public domain. Respondents shall not disclose any such information, materials, specifications or other documents to any third parties or to any other part of the respondents' group or use them for any purpose other than for the preparation and submission of a response to this RFP nor shall respondents publicise ECMWF's name or the project without the prior written consent of ECMWF. Respondents shall ensure that all third parties to whom disclosure is made shall keep any such information, materials, specifications or other documents confidential and not disclose them to any other third party except as set out above.

ECMWF reserves the right to retain all documents submitted by respondents in response to the RFP. Any information in such documents that is proprietary and confidential to the respondent will be handled confidentially by ECMWF provided it is clearly and specifically identified as such. Such obligation shall not apply if such information is or was obtained from other sources that do not bind ECMWF as to confidentiality or if the information is in the public domain. ECMWF may make responses available for evaluation purposes to authorised people including its governing body, committees, and professional advisers in addition to ECMWF's own personnel under the same conditions of confidentiality.

Please also note that all personally identifiable information (PII) requested by ECMWF or provided by respondents will be treated in accordance with the ECMWF Policy on Personally Identifiable Information Protection (PIIP). It is available at <https://www.ecmwf.int>. ECMWF shall process all PII submitted by your

response for the sole purposes of assessing your response. In doing so, ECMWF may share such PII with consultants or external advisors.

1.4 Enquiries and contact procedure

Any enquiries or requests for clarification of any matters arising from this RFP should be sought from the Procurement Section at ECMWF and must be made in writing by e-mail as follows:

Contact name: Procurement at ECMWF

E-mail: procurement@ecmwf.int

The subject of the email must be: **“Clarification to RFP/2025/404”**

ECMWF will endeavour to respond to requests for clarification within 5 working days of receiving them. Where ECMWF supplies further information, it will make this information available to all recipients of this RFP who have indicated their intention to submit a response and provided ECMWF with an e-mail address for communication of additional information, unless the question is specific to a respondent’s proprietary solution. The identity of the questioner will not be revealed.

1.5 Timetable for procurement

ECMWF envisages the following timetable for this RFP:

RFP issuance date	17 October 2025
Final date for receipt of clarification questions	30 October 2025
Closing date/time for submission of responses	13 November 2025, 15:00 (UK local time)
Evaluation of proposals by ECMWF	By end of November 2025
Negotiations with one or more Proposers	Early December 2025
Award of contract	By mid of December 2025
Start of work under contract	1 January 2026

ECMWF reserves the right to postpone the dates from those published in this RFP.

1.6 Submission of responses

The respondent is requested to confirm to the email address shown in 1.4 above whether or not it will be submitting a response and must provide a contact point and contact details to which all further information will be sent.

The respondent must submit their response to procurement@ecmwf.int as an email with attachments containing its complete response to this RFP including its response to Annexes 1 and 2. The attachments must contain a printable version of the response in Microsoft Word format, Rich Text Format (RTF) or Adobe Portable Document Format (PDF) and in Microsoft Excel format for any spreadsheets. The email should confirm that the response has been submitted by a duly authorised director or senior officer of the respondent.

The subject of the email must be: **“Response to RFP/2025/404”**

Please note that ECMWF reserves the right to contact bidders during the evaluation process in order to clarify points in their response, therefore the contact point should be monitored during this period.

1.7 Timeliness of response

ECMWF will not consider any late or partial responses to this RFP nor will it consider requests for extension of the time or date fixed for the submission of proposals. It may, however, at its own absolute discretion extend the time or date fixed for submission and in such an event ECMWF will notify all Proposers who have provided ECMWF with an e-mail address for communication of additional information.

Technical failure, including of a computer, browser, e-mail system or internet connection, is not a valid reason for late or failed submission of a response, unless as a result of a failure of the ECMWF's IT systems, and in the case that there was no reasonable course of action the respondent could have taken to submit the response on time. **It is important that you do not leave the submission of your response to the last minute.**

1.8 Costs of preparation of response

Recipients of this RFP will be responsible for and bear all of their own costs, liabilities and expenses which may be incurred in the preparation of their responses to this RFP.

1.9 Evaluation method and selection criteria

Responses to this RFP will be evaluated based on the criteria and weights shown in the table below:

Evaluation criteria	Weighting
Track Record (previous relevant experience)	30%
Quality of Resources	20%
Technical Solution Proposed	20%
Price	30%

ECMWF reserves the right to negotiate with one or more respondents before taking a decision on the placing of a contract. This may involve a meeting via video-conferencing. ECMWF cannot reimburse the respondents for any costs relating to such meetings. Following notification of the result of your bid you may request feedback on the evaluation from ECMWF.

1.10 Warnings/disclaimers

Nothing contained in this RFP or any other communication made between the respondent and ECMWF or its representatives shall constitute an agreement, contract or representation between ECMWF and any other party (except for a formal award of contract made in writing by ECMWF). Receipt by a respondent of this RFP does not imply the existence of a contract or commitment by or with ECMWF for any purpose.

ECMWF reserves the right to change any aspect of, or cease, the RFP at any time.

While ECMWF has taken all reasonable steps to ensure, as at the date of this document, that the facts which are contained in this RFP are true and accurate in all material respects, ECMWF does not make any representation or warranty as to the accuracy or completeness or otherwise of this RFP, or the reasonableness of any assumptions on which this document may be based. ECMWF accepts no liability

to respondents whatsoever and however arising and whether resulting from the use of this RFP, or any omissions from or deficiencies in this document.

ECMWF may use the information included in a response for any reasonable purpose connected with this RFP.

1.11 Validity

The proposal shall remain valid for a minimum of three months after the closing date for this RFP.

1.12 Diversity and inclusion

At ECMWF, we believe that scientific progress thrives in an environment that values diversity and inclusion. We are committed to fostering an organisation that is equitable, diverse, and inclusive, and to promoting gender balance in all aspects of our operations. We recognise that diversity and collaborative environment are essential for advancing scientific discovery and innovation, and we are dedicated to creating a culture that encourages and supports the contributions of individuals from all backgrounds. As part of this commitment, we encourage responses from companies who share our values and demonstrate a commitment to diversity and inclusion in their own organisations. In the event that multiple bidders present equally qualified proposals (discrepancy lower than 1%), ECMWF will take into consideration the diversity and gender balance of each bidder's organisation as a tiebreaker when making the final decision. Therefore, we invite all Proposers to provide details on their policies, programs, and practices related to diversity and inclusion, including gender balance and any initiatives or activities that they have implemented to support underrepresented groups in their organisation.

ANNEX 1: SPECIFICATION OF REQUIREMENTS

1. BACKGROUND INFORMATION

In 2021, ECMWF initiated a procurement process to implement a Contract Lifecycle Management (CLM) system using the Agiloft platform, tailored to its operational and governance needs. The objective was to streamline and integrate procurement, grants and contract management processes. While the initial implementation phase has concluded, the CLM tool has not yet been fully deployed. Over the past years, ECMWF has developed key documentation and system configuration aligned with its workflows. The implementation reached User Acceptance Testing (UAT) but was paused due to complications.

The system scope covers :

- Preparation stage – Covering needs identification, process determination, drafting of procurement or grant documentation, criteria selection, internal panel nomination, internal validation, and approval workflows prior to publication or launch.
- Process Stage – supporting tendering or call-for-proposal activities, including publication, clarifications, evaluation, negotiation/collaboration with shortlisted bidder(s) on contractual documentation prior to award recommendation, as well as automated tracking of key milestones and audit documentation. Contract preparation based on negotiated documentation, signature and contract archiving.
- Contract implementation stage – Performance monitoring, deliverable tracking, amendments management, payments, reporting and closure.

The system integrates with ECMWF's ERP (currently Unit4), e-signature system (currently DocuSign), single sign-on, and potentially web-based collaboration and document management platform (currently SharePoint).

ECMWF now seeks to engage an experienced Agiloft consultant or implementation partner to:

- Review the current configuration and documentation
- Identify key issues and improvement areas
- Define and deliver a prioritised Minimum Viable Product (MVP)
- Ensure essential reporting and dashboarding requirements are implemented and validated
- Provide a detailed quotation and plan to complete the full implementation

The consultant will preferably work on-site/has regular mission(s) in Bonn, Germany, engaging directly with senior users, process owners, and the internal project lead.

2. OBJECTIVE AND SCOPE

The objective of this consultancy is to support ECMWF in finalising its CLM system implementation on the Agiloft platform. The selected consultant will assess the current state, identify gaps, and deliver a clear and actionable plan leading to a functional and maintainable MVP configuration that meets ECMWF's operational requirements.

Specific objectives are to:

- Rapidly analyse business requirements, existing build, and process documentation.
- Identify and address critical gaps required to reach a usable MVP.
- Challenge and simplify business processes where they are overly complex or impractical.
- Establish a stable and maintainable configuration baseline.
- Emphasize reporting and dashboarding requirements as a key deliverable.
- Provide a comprehensive quote and roadmap for full implementation.

This consultancy will be organised in two phases to ensure a focused and actionable approach:

- Phase 1: Assessment and recommendation.
- Phase 2: (Potential) MVP Build and validation.

3. TASKS, RESPONSIBILITIES AND DELIVERABLES

The selected consultant will be responsible for carrying out the following tasks in close coordination with ECMWF's internal project team and key stakeholders. All work shall be performed in compliance with ECMWF's governance, data protection, and change-control procedures, and shall apply appropriate quality assurance and risk management throughout.

Phase 1 – Assessment and Recommendation

Objective: To assess the current state of the Agiloft-based Contract Lifecycle Management (CLM) tool, confirm business and technical priorities, and define an actionable plan and quotation for completion.

Review of Current System and Documentation

- Review the current Agiloft setup, configuration, and supporting documentation (provided by ECMWF upon contract award).
- Analyse relevant project artefacts, including the Design Document, Built-As-Is configuration, and records of previous implementation phases.
- Assess the current CLM environment to identify completed elements, partial builds, and inconsistencies or gaps against intended functionality.

Stakeholder Engagement

- Plan and conduct structured workshops and interviews with ECMWF stakeholders involved in procurement, grants, contract management, and governance.
- Gather insights on operational needs, user expectations, and lessons learned from the previous implementation.
- Consolidate feedback to inform system optimisation, process simplification, and reporting priorities.

Process Evaluation and Improvement

- Analyse existing processes to identify efficiency gains, compliance risks, and opportunities for automation.
- Recommend practical improvements consistent with ECMWF's operational objectives and governance model.
- Conduct a functional and technical gap analysis to determine what is required to achieve a usable and efficient Minimum Viable Product (MVP).

Roadmap and Costing

- Define the MVP scope and configuration required for an effective go-live.
- Develop a clear, phased roadmap for completion, outlining activities, dependencies, and indicative timelines.
- Provide a detailed cost estimate covering configuration, testing, deployment, training, and post-implementation support.

Deliverables:

- Assessment Report including MVP Recommendation, Implementation Roadmap, and Cost Estimate.
- Presentation of Findings to ECMWF stakeholders, summarising key conclusions and proposed next steps.

Phase 2 shall commence only upon ECMWF's formal approval of the Phase 1 deliverables and acceptance of the associated quotation.

Phase 2 – MVP Build and Validation

Objective: To execute the approved implementation roadmap and deliver a validated, operational MVP instance of the Agiloft CLM system that meets ECMWF's functional, reporting, and governance requirements.

Configuration and Build

- Configure the Agiloft platform to deliver the agreed MVP functionality in alignment with the approved roadmap.
- Implement validated workflows, user permissions, reporting dashboards, and data structures.
- Ensure configuration consistency, documentation, and maintainability in accordance with ECMWF's technical standards.

Testing and Validation

- Facilitate iterative testing cycles, including User Acceptance Testing (UAT), to validate system performance and alignment with agreed requirements.
- Validate usability by users based on predefined specification to confirm the system's operational readiness.
- Verify that all reporting and dashboard outputs fulfil ECMWF's operational and management requirements.

Go-Live Preparation and Support

- Prepare go-live documentation, deployment plans, and readiness checklists.
- Support ECMWF during the initial rollout and provide on-site or remote assistance to ensure a smooth transition to live operation.

Knowledge Transfer and Documentation

- Deliver comprehensive technical and user documentation covering configuration, workflows, and reporting structures.
- Conduct a structured handover and knowledge transfer session with ECMWF's internal project and support teams to ensure operational continuity and sustainability.

Deliverables:

- MVP-ready Agiloft system configured, tested, and validated for operational use.
- System Documentation and Handover Package, including user materials and training guidance (may be priced separately).
- Final Presentation to ECMWF stakeholders confirming acceptance, summarising lessons learned, and outlining next-phase recommendations if applicable.

4. IMPLEMENTATION PLAN AND MILESTONES

The consultancy will be delivered in two phases:

Phase 1 – Assessment and Recommendation, focused on evaluating the current CLM system and defining a roadmap for completion; and

Phase 2 – MVP Build and Validation, to be launched only upon ECMWF's approval of the Phase 1 report and quotation.

At this stage, only Phase 1 milestones are defined. The detailed implementation plan for Phase 2 will be developed and proposed by the consultant as part of the Phase 1 deliverables.

The table below outlines the indicative milestones for Phase 1. Tenderers are invited to propose specific week numbers (counting from contract award in Week 0) based on their methodology.

Milestone	Week number or date
Contract award and kick off	0
Initial review of documentation and of the current state of the CLM system	
Stakeholder workshops and process assessment	
Draft assessment report and roadmap submission	
Final report and presentation	

5. CONSULTANT PROFILE REQUIREMENTS

The selected consultant or consultancy firm should demonstrate the following qualifications, competencies and experience:

- Proven experience with Agiloft system implementation, configuration or optimisation ideally including recovery of paused projects.
- Strong understanding of contract lifecycle management processes and reporting/dashboard within Agiloft. .
- Experience with integration of CLM systems with ERP, E-signature and document management tools (e.g. Unit4; Docusign, Sharepoint)
- Ability to analyse and simplify business processes, engage stakeholders effectively, and translate needs into practical solutions.

- 1.1 These Terms and Conditions ("T&C") shall apply to the procurement of any intangible beneficial function (e.g. advice, consultancy or some form of specialist activity) which is not ancillary to the supply of goods. These T&C shall also apply to any tangible items (e.g. documents, datasets and other materials) which are provided by the supplier or its agents, contractors or employees, as part of or in association with the function ("Deliverables"). In these T&C, the function and the Deliverables shall be referred to collectively as the "Services".
- 1.2 ECMWF and the person or entity whose offer is accepted by ECMWF ("Contractor") are "Parties" to these T&C. No third party is entitled to claim any rights under these T&C.
- 1.3 No variation of these T&C shall be valid unless it is confirmed in writing by authorised signatories of both Parties.

2 SUPPLY OF SERVICES

- 2.1 The Contractor shall from the date set in the Request or any other date agreed upon by the Parties in writing ("Commencement Date") and for the duration of the Contract provide the Services to ECMWF in accordance with the terms of the Contract.
- 2.2 The Contractor shall meet any performance dates requested by ECMWF detailed in the Request for Proposals ("the Request").
- 2.3 In providing the Services, the Contractor shall
 - co-operate with ECMWF and comply with all instructions of ECMWF;
 - perform the Services with care, skill, diligence in accordance with best practice in Contractor's industry, profession or trade;

 - if necessary, provide the Contractor with reasonable access at reasonable times to ECMWF's premises for the purpose of providing the Services;
 - provide such information to the Contractor as the Contractor may reasonably request and ECMWF considers reasonably necessary for the purpose of providing the Services.

3 PRICE, CURRENCY, AND VAT

- 3.1 Unless otherwise agreed the total price payable by ECMWF shall remain fixed for the duration of the Contract, not be subject to any adjustment on the basis of the Contractor's cost experience in

- 3.2 The currency of the Request shall be in Pounds Sterling (£) / Euro (€). The Contractor's prices shall be quoted in Pounds Sterling / Euro. The Contractor's invoices shall be submitted in Pounds Sterling / Euro. Payments by ECMWF to the Contractor shall be made in Pounds Sterling / Euro.
- 3.3 The Contractor shall take all necessary steps to facilitate ECMWF's exemption resulting from its Protocol on Privileges and Immunities from taxes, including VAT, and customs duties which might otherwise be payable in relation to the Goods. It will do so by carrying out the necessary formalities so as to bring about the exemption from taxes and duties which might otherwise be levied on the expenses it will incur, before it submits the invoice to ECMWF; and by complying with all necessary formalities so that ECMWF itself may be exempt from paying such taxes and duties. For these purposes, it shall request the necessary instructions from ECMWF and provide in due time the information which ECMWF requires.

- 5.3 Personnel other than key personnel, may be exchanged at the Contractor's discretion subject to four weeks written notice, unless extraordinary circumstances require a shorter notice period. In that case, the Contractor has to provide ECMWF with a written statement of grounds.

6 CALL-OFF CONTRACT

- 6.1 In certain cases, meeting the initial Request may require more than one order. The award of a Contract based upon one such order does in no way limit ECMWF's right to invite new bidders for future orders under the same or a similar Request.

- 6.2 In such cases, the Contractor agrees that ECMWF may order further Services following the initial acquisition under the Contract and at the Price specified in the Contract or the Price in a quotation in response to a Request, as appropriate.

7 WARRANTY REMEDIES; TERMINATION

- 7.1 If the Services are not performed in accordance with Clause 2.3 and the Contractor fails to correct any breach in due time, ECMWF shall be entitled to avail itself of any one or more of the following remedies at its discretion: (a) to rescind or suspend the Contract with immediate effect; (b) to refuse to accept any further Service performance and to source alternatives without any liability to ECMWF; (c) to carry out at the Contractor's expense any work necessary to make the Services comply with the Contract; and (d) to claim such damages as may have been sustained in consequence of the Contractor's breach of Contract; and (e) to reclaim any advance payments ECMWF may have made; and (f) to offset any such claims for damages or refunds against any outstanding portion of the price.
- 7.2 ECMWF may resort to any one or more of the remedies stipulated in Clause 7.1, mutatis mutandis and with immediate effect upon written notification, if it comes to the conclusion:
- That the Contractor has committed errors, irregularities, fraud or breaches of other obligations under the Contract; or
 - That the Contractor is involved in any legal proceedings concerning its solvency, or ceases trading, or commits an act of bankruptcy or is adjudicated bankrupt, or enters into liquidation whether compulsory or voluntary (other than for the purposes of an amalgamation or reconstruction) or makes an arrangement with its creditors or the Contractor is placed into administration or has an administrator, receiver or manager appointed over all or any part of its assets or generally becomes unable to pay its debts; or is acquired by or merged with any third party.
- 7.3 It is left to the Contractor to provide evidence to rebut ECMWF's conclusions. ECMWF may take timely rebuttals into account, reconsider the remedies, or enter into negotiations with the Contractor.
- 7.4 ECMWF reserves the right to terminate any Contract at thirty (30) days' notice, without limiting its other rights and remedies. The Contractor has the right to terminate any Contract at sixty (60) days' notice without limiting its other rights and remedies.

8 FORCE MAJEURE

Neither party shall be liable to the other party for any delay in or failure to perform its obligations as a result of any cause beyond its reasonable control ("Force Majeure") provided the affected party notifies the other party as soon as reasonably practicable. If any Force Majeure event continues for at least 90 days, either party shall be entitled to terminate the Contract with immediate effect by notice in writing to the other party.

9 CONSEQUENCES OF TERMINATION
