Description

Are you or any of the Beneficiaries, Affiliated Entities, Associated Partners, and Subcontractors involved in the Proposal that would participate and receive payment in connection with the Proposal funded by ECMWF in this Call for Proposals affected by the EU Conditionality Measures?

Supplier help

Conditionality Measures are additional protections for the EU budget introduced in 2021 to address breaches of the rule of law principles affecting or risk affecting EU financial interests.

Conditionality Measures may be put in place in the context of the general regime of conditionality for the protection of the EU budget established by Regulation (EU, Euratom) 2020/2092 of the European Parliament and of the Council of 16 December 2020 on a general regime of conditionality for the protection of the Union budget.

This conditionality regime allows the EU to take measures – for example suspension of payments, suspension of implementation, termination or prohibitions on entering into new legal commitments with concerned entities – to protect the EU budget.

ECMWF, as the entrusted entity for the implementation of Copernicus Atmosphere Monitoring and Climate Change Services, is required to ensure the applicable Conditionality Measures are duly applied.

Further requirements with respect to Conditionality Measures are detailed in Clauses 5.6, 6.3(a)(x), 18.4, 21.2.1, 29.1.1(c), 29.2.6, 30.2.1(c), 30.2.2.5, 31.3.1(m) and 31.3.2.5 of the Grant Agreement Template.
